TROOPS ORDERED

To Mexico City
Satellite, Mex., July 3.—Several thousand Federal troops have been ordered to Mexico City, according to information received at Constitutional headquarters here today. Two thousand men, under General Rábalo Navarrete, operating near Vera Cruz, were reported to have been recalled to the capital, and are to be joined by reinforcements from Guadalupe, Queretaro and San Luis Potosi under command of Pascual Orozco and Marcelo Caraveo, dispatches received by General Carranza declare.

Assault on the outskirts of San Luis Potosi began yesterday, according to Constitutional reports. General Jesus Carranza has reported the Plaza Queretaro taken, and a strong column of Federal troops driven back. Carranza forces are stated to be 15,000 men.

At the headquarters of the Constitutionalists it is also stated that Manuel Hernandez Lechuga has entered Nochistlan. Fighting is said to have been in progress since June 24 at San Juan Evangelista, Vera Cruz, and a Federal troop train blown up between La Piedad and Yurecuca on the Mexican Central Railroad.

It also is stated that information has come to the Constitutional chief that a movement is afoot to organize a counter revolution under the leadership of General Sagar, and that money from Federal sources has been sent to Fort Wingate, New Mexico, where several thousand Federal troops are detained to aid the project.

Messages from Southern Mexico assert that Ozuimba has been attacked by the forces of Zapata, and it is reported that a Federal troop train was blown up at San Juan Del Rio last Wednesday. Other Constitutional dispatches claimed the capture of Villahermosa.

Missionaries Released.

Brownsville, Texas, July 3.—Two Protestant missionaries, Rev. J. O. Sheller and Rev. R. C. Morrow, Americans who were arrested in Matamoros by the Constitutional authorities last night, charged with carrying mail to the United States for a Monterey man, said to be a Federal sympathizer, were released today. They came immediately to Brownsville.

REPLIES NOT RECEIVED

FROM GENERALS IN FIELD

Saltillo, Mexico, July 3.—General Carranza conferred today a direct wire with Constitutional representatives in Washington, but made no statement as to matters discussed.

It is expected that the answer of the Constitutionalists to the messengers, who have offered to arrange a conference between representatives of the Constitutionalists and Huerta delegates, will be forwarded within a few days. It was stated today that replies had not yet been received from the generals in the field, to whom the proposal was submitted by Carranza.

COPY CLEVELAND LETTER

Sought by Judge Who Is Trying Case Against Mine Workers.

Binghamton, N. Y., July 3.—Judge A. H. C. Scoville, who is trying the case of A. D. Wells, against the United Mine Workers, is seeking a copy of a letter sent by the late Governor Cleveland to the then President Theodore Roosevelt, in which Mr. Cleveland, who was invited by President Roosevelt to become a member of the arbitration commission, strongly disapproved of the position of the coal barons in refusing to arbitrate the strike.

WET GOODS EXPRESS

TO DEFY PROHIBITION

Mystery of Two New West Virginia Transportation Companies Solved at Last.

Wheeling, W. Va., July 3.—The mystery of the incorporation of two express companies by local liquor people and others several weeks ago, the plans of which the incorporators refused to disclose, was solved when they began active preparations to operate. Their purpose is to beat prohibition, which became effective in this State last Wednesday, by operating between "wet" towns in Ohio and this city.

The Ohio Valley Express Company will operate between Wheeling and Dillonville, a "wet" town in Ohio, from this city, and the American Express Company between here and Mingo, another "wet" Ohio town, twenty-five miles up the Ohio River.

The prohibition laws permit the shipping of intoxicants into the State, providing the consignee is personally for the shipment. The Antislavery League, however, is making an effort to defeat the purposes of these two companies.

APATHETIC DISCUSSION

Trade Commission Bill Under Consideration in Senate.

Washington, July 3.—Apathetic discussion of the administration trade commission bill occupied the greater part of today's session of the Senate. Senator Sutherland, of Delaware, made a speech, urging the need for a commission to regulate trade, and declared that the machinery of the courts had led to so much delay in the execution of law that public opinion had become convinced of the necessity for comprehensive legislation to enforce the enforcement of regulatory statutes.

Senator Borah reiterated his objection to the bill on the ground that regulation of trade would create a monopoly. He said legislation along the lines marked out in this bill would bring the country to a point where monopoly would be rampant, and Congress would be forced to face the issue of government ownership.
